

## 6. Carnival Time

*Hey Bambinos it's time for bed  
Lay down and rest your sleepy head  
Hey Bambinos it's sleepy time  
No more waking until the clock chimes*

*Wake up wake up it's carnival time  
Jump, jump, jump to the street party fun  
Dance the samba in the carnival parade  
Until it's time to go to sleep again*

**Our Tip:** This is a great song for getting children's attention and focus, not to mention it's a fun exercise in disguise. Make it as quiet and still when it's "sleepy time" & loud and active when "carnival time". Use pan lids, wooden spatulas and pans or make hand shakers out of empty yogurt pots filled with rice for Carnival time. Make sure you join in with them!
